

Emergency Mustering

Savance Emergency Mustering was designed with emergencies in mind. Using a Windows tablet or similar, organizations have a simple, up-to-the minute tool for roll call during safety drills or emergency evacuations. It is an affordable and easy-to-use electronic solution that can be customized to suit the needs of any business.

FEATURES & BENEFITS

- Replaces inefficient paper processes
- Maintains real-time roster, including guests and contractors
- Available during power and network outages
- Only shows people assigned to tablet's muster location
- View contact information and last known location
- Eliminates uncertainty and saves lives

Simple & Straightforward Check-In Methods

-  Scan badge
-  Scan barcode
-  Tap name on touchscreen device
