SAVANCE WORKPLACE

Honeywell

Savance Workplace & WIN-PAK

Combine WIN-PAK access control with Savance Workplace's customizable automation tools to streamline visitor tracking, emergency response, and more – all from a single platform.

SAVANCE WORKPLACE SOLUTIONS

+ how they integrate with WIN-PAK

Visitor Management: Customizable and easy-to-use electronic visitor management solution that streamlines the visitor process for any business.

Revolving temporary visitor badges can be assigned, allowing for visitors to be tracked for audit purposes or emergency mustering. Badges can also be printed and dynamically activated to grant access to certain security groups for contractors

Emergency Mustering: Affordable and easy-to-use emergency management solution, customizable to suit any business.

Savance automatically keeps track of people as they pass in and out of a door, and uses a mobile tablet to 1) quickly account for people at muster stations; 2) identify missing staff, visitors, and contractors; and 3) pinpoint a missing person's last location.

Electronic In Out Board: Easy and flexible electronic in and out board, allowing employees to sign in and out of the office as they come and go.

When staff come and go through the doors, their status is automatically updated to "In" or "Out" for communication or accountability purposes.

Status Board: Fully customizable large-screen digital signage solution designed to display critical information viewable at a glance.

Display the in/out status of staff or visitors on large format display boards (32"-55"+), utilizing information from door swipes or from updates using a mobile device, app, web browser, or kiosk.

Mass Notifications & Alerts: Multi-channel alert system to quickly notify staff, visitors, and contractors of emergencies or critical events.

Send mass notifications and alerts only to people who are either onsite or offsite based on their badge scans - or use badge scans to target notifications by location.

Time & Attendance: Electronic timesheet solution that automates data collection, and processes payroll quickly and accurately.

As credentials are swiped at a door, or at a dedicated kiosk using a badge, staff attendance is automatically tracked, and can be exported to Paychex, ADP, or to the company's own HR system.

Contact us to see how Savance Workplace and WIN-PAK work together to deliver safety, efficiency, and control for facilities.
